ECA Selects New Association Management Company

Manassas, VA November 26, 2009 – The Express Carriers Association (ECA), whose mission is to foster business relationships between carriers, shippers and vendors, announces the selection of MADIXS, LLC to manage the association’s business activities. Fiona Morgan was named the association’s new Executive Director. “I am looking forward to working for the continued growth of ECA and excited to help make MarketPlace 2010 another huge success for all its participants,” states Ms. Morgan.

ECA was founded with a clear goal to establish a conference that provides information and educational sessions. ECA Marketplace pairs shippers with carriers in one-on-one interviews to create business and make new connections for both parties as well as allowing vendors to exhibit their products and services to qualified transportation decision makers. “Over the last eight years Fiona has developed a solid reputation with carriers across a variety of transportation segments,” explains Stuart Hyden, President of the ECA. “Her proven ability to lead, organize and foster relationships within our industry is a perfect fit for the ECA’s strategic growth initiatives.”

Fiona Morgan has worked in association management for ten years and established MADIXS, LLC in 2005. Over the course of ten years, Ms. Morgan has worked every aspect within an association and specializes in transportation association management.

Renewal of association dues should be mailed to: 12100 Sunset Hills Road, Suite 130, Reston, VA 20190 and any phone inquiries directed to 866-ECA-SHIP (866-322-7447). MarketPlace registrations will be available online shortly at www.expresscarriers.com. The 2010 ECA Marketplace is scheduled to take place at the Intercontinental Hotel in Dallas, TX from April 6-8, 2010. Visit www.expresscarriers.com for more information.

ECA MISSION

The Express Carriers Association is a non-profit trade association headquartered in the Washington, DC area. The mission of the ECA is to foster business relationships between carriers, shippers and vendors who offer products and services to the transportation industry. We will accomplish this mission by:

- Providing information, education, referrals, and the opportunity to network in order to form logistical partnerships between carriers and shippers
- Assisting carriers and shippers in taking advantage of the new technology and transportation solutions
- Building awareness of regional and specialized carriers as a viable supply chain alternative
- Building awareness of our vendors' products and services, and support partnerships among all members

Further information can be obtained by visiting www.expresscarriers.com or by calling (866) ECA-SHIP.
